PUERTO MADRYN
PATAGONIA ARGENTINA

ALAVISTA was born as a different way to discover the Golfo Nuevo from the sea.

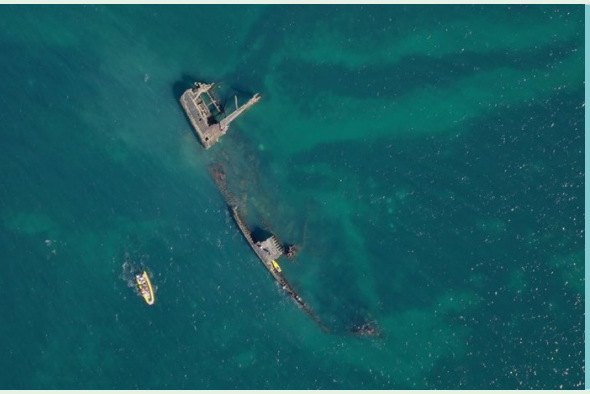
We are a team with years of experience, specialized in marine wildlife and natural history.

We design small-group experiences that combine sailing, interpretation and exploration.

OUR TOURS

DOLPHINS HO! ~ 2 h

We go looking for the dusky dolphin, the star of the trip. Seabirds, sea lions and, sometimes, common and bottlenose dolphins round off this classic Patagonian boat trip.



EXPLORING THE GULF ~ 3 h

A real day at sea to discover the coast, history and wildlife of the Gulf. We look for wild dolphins and sail to Punta Loma, Playa Paraná, the Folias shipwreck and Punta Cuevas. To finish: Madryn from the sea.

PRIVATE TOUR

The Golfo Nuevo your way. An exclusive trip for you and your group, with route, timing and focus tailored to your interests and the day's conditions. An intimate way to experience the Gulf.

FURTHER AFIELD

Further. Longer. More Golfo Nuevo. In late summer and autumn, dolphins travel long distances following their prey. We make the most of that moment to sail further and discover coastline off the usual routes.

Within 24 hours of departure or in case of no-show there is no refund, including the deposit and dinner. Bookings made through an agency, hotel or guide are cancelled with whoever made the booking.
